

IBRAHIM HOSSAIN SAJAL

Integrative Tumor Epidemiology Branch
Division of Cancer Epidemiology and Genetics
National Cancer Institute, National Institutes of Health
9609 Medical Center Drive, Rm. 7E202
Rockville, MD 20850
USA
Phone: (240) 276-7296
Email: ibrahimhossain.sajal@nih.gov

EDUCATION

2017	B.S. (Applied Statistics), University of Dhaka, Dhaka, Bangladesh
2018	M.S. (Applied Statistics), University of Dhaka, Dhaka, Bangladesh
2024	Ph.D. (Data Science & Statistics), University of Texas at Dallas, Richardson, TX

EMPLOYMENT HISTORY

2017-2018	Statistical Intern, James P Grant School of Public Health, BRAC University, Dhaka, Bangladesh
2018-2019	Statistician, James P Grant School of Public Health, BRAC University, Dhaka, Bangladesh
2019	Sr. Statistician, James P Grant School of Public Health, BRAC University, Dhaka, Bangladesh
2019-2024	Graduate Teaching Assistant, Department of Mathematical Sciences, University of Texas at Dallas, Richardson, TX
2025-present	Post-Doctoral Fellow, Integrative Tumor Epidemiology Branch, Division of Cancer Epidemiology and Genetics, National Cancer Institute, Rockville, MD

SPECIALTY TRAINING

2021	Introduction to Genetics and Genomics, Summer Institute in Statistical Genetics, University of Washington, Seattle, WA
2021	Genetic Epidemiology, Summer Institute in Statistical Genetics, University of Washington, Seattle, WA
2021	MCMC for Genetics, Summer Institute in Statistical Genetics, University of Washington, Seattle, WA
2022	Python for Data Science, University of Texas at Dallas, Richardson, TX
2026	DCEG Presentation Workshop, Division of Cancer Epidemiology and Genetics, National Cancer Institute, Rockville, MD
2026	Human Microbiome and Cancer Epidemiology, Division of Cancer Epidemiology and Genetics, National Cancer Institute, Rockville, MD

TEACHING EXPERIENCE

- 2018 Lecturer and Course Coordinator, “Orientation to STATA,” James P Grant School of Public Health, BRAC University, Dhaka, Bangladesh
- 2019-2024 Graduate Teaching Assistant, Department of Mathematical Sciences, University of Texas at Dallas, Richardson, TX
- 2026 Lecturer, “Epidemiology 101: Causality and Intro to Statistics”, Division of Cancer Epidemiology and Genetics, National Cancer Institute, Rockville, MD

FELLOWSHIPS AND SCHOLARSHIPS

- 2019 Graduate Tuition Scholarship, Department of Mathematical Sciences, University of Texas at Dallas, Richardson, TX
- 2021 Summer Institute in Statistical Genetics Scholarship, University of Washington, Seattle, WA
- 2022, 2023 Mei Lein Fellowship, School of Natural Science and Mathematics, University of Texas at Dallas, Richardson, TX

PROFESSIONAL HONORS AND RECOGNITION

- 2018 Academic Excellence Award, University of Dhaka, Dhaka, Bangladesh
- 2025 Fellows Award for Research Excellence, National Institutes of Health, Bethesda, MD

SCIENTIFIC LEADERSHIP AND SERVICE

Service

- 2026 Judge, Postbaccalaureate Poster Day, National Institutes of Health, Bethesda, MD
- 2026 Judge, Fellows Award for Research Excellence, National Institutes of Health, Bethesda, MD

Journal Editorial Service

- 2025 Communications in Statistics - Simulation and Computation
- 2026 Scientific Reports

COMPETITIVE RESEARCH FUNDING

- 2022 PhD Research Small Grant Program, Office of Graduate Education, University of Texas at Dallas, Richardson, TX
- 2022 Boyd Harshbarger Travel Award, Southern Regional Conference on Statistics, Jekyll Island, GA
- 2023 Travel Award, Advances in Statistical and Computational Methods for Analysis of Biomedical, Genetic, and Omics Data, Dallas, TX

PROFESSIONAL SOCIETIES

2021-present American Statistical Association
2026-present American Association for Cancer Research

INVITED PRESENTATIONS

2025 “Multivariate Quantitative Bayesian LASSO for detecting rare haplotype association with correlated continuous phenotypes,” Annual Joint Statistical Meeting (JSM) on Statistics, Data Science, and AI Enriching Society, Nashville, TN

POSTER PRESENTATIONS

2022 “Bivariate Quantitative Bayesian LASSO for detecting rare haplotype association with correlated continuous phenotypes,” Southern Regional Council on Statistics, Jekyll Island, FL
2023 “Bivariate Quantitative Bayesian LASSO for detecting rare haplotype association with correlated continuous phenotypes,” Advances in Statistical and Computational Methods for Analysis of Biomedical, Genetic, and Omics Data, Dallas, TX
2025 “Integrative analysis identifies proteomic intermediates associated with renal cell carcinoma and its risk factors,” NIH Research Fair, Bethesda, MD
2026 “Integrative analysis identifies proteomic intermediates associated with renal cell carcinoma and its risk factors,” American Association for Cancer Research, San Diego, CA
2026 “Meta-trans: A generalized summary statistics-based aggregative approach to identify trans-regulation of gene-sets by disease related variants,” STATGEN: Conference on Statistics in Genomics and Genetics, Atlanta, GA

BIBLIOGRAPHY

1. Das Gupta R*, **Sajal IH***, Hasan M, Sutradhar I, Haider MR, Sarker M. Frequency of television viewing and association with overweight and obesity among women of the reproductive age group in Myanmar: results from a nationwide cross-sectional survey. *BMJ Open* 2019 Mar; 20;9(3):e024680. PMID: 30898812; PMCID: PMC6475159. *Authors contributed equally as first authors
2. Das Gupta R, Haider SS, Sutradhar I, Hashan MR, **Sajal IH**, Hasan M, Haider MR, Sarker M. Association of frequency of television watching with overweight and obesity among women of reproductive age in India: Evidence from a nationally representative study. *PLoS One* 2019 Aug; 29;14(8):e0221758. PMID: 31465465; PMCID: PMC6715273.
3. Das Gupta R, Haider SS, Hashan MR, Hasan M, Sutradhar I, **Sajal IH**, Joshi H, Haider MR, Sarker M. Association between the frequency of television watching and overweight and obesity among women of reproductive age in Nepal: Analysis of data from the Nepal

Demographic and Health Survey 2016. *PLoS One* 2020 Feb: 10;15(2):e0228862. PMID: 32040537; PMCID: PMC7010261.

4. Talukder A, Das Gupta R, Hashan MR, Haider SS, **Sajal IH**, Sarker M. Association between television viewing and overweight and obesity among women of reproductive age in Timor-Leste: evidence from the demographic health survey 2016. *BMJ Open* 2021 Aug: 11;11(8):e045547. PMID: 34380718; PMCID: PMC8359523.
